* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools (of which there are none in the County of Westmeath) being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Wexford, and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF WEXFORD.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Wexford from the Census returns of 1881.

SUMMARY.

Area.

The County of Wexford covers an area of 576,588 statute acres, or 2·7 per cent. of the total area of the country.

Distribution of Land (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 150,292 acres under tillage, 59,696 under meadow and clover, and 297,153 under pasture, making a total of 507,141 acres of Arable Land, or 88·5 per cent. of the total extent of land in the County, 10,876 acres, or 1·9 per cent., under Plantations; 13,836, or 2·4 per cent, under Bog and Marsh, and 18,273, or 3·2 per cent., under barren Mountain Land. The remaining 22,794 acres, or 4·0 per cent., were returned as under "Roads, Fences, &c., &c"

Population. (Table ii.)

The number of persons in the County of Wexford according to the Census was—in 1841, 202,033; in 1851, 180,158; in 1861, 143,954; in 1871, 132,666, and according to the recent Census, **123,854** (**60,928** Males and **62,926** Females) or **6·6** per cent less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 25,086, the average number of persons in a family being thus 4·85; and the number of Inhabited Houses was 23,570, showing an average of 5·16 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies	Population		Decrease between 1871 and 1881		Poor Law Unions.	Population.		Decrease between 1871 and 1881.

Total,	132,666	123,854	8,812	6·6	Total,	132,666	123,854	8,812	6·6

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Gorey, Ballaghkeen North, and Bargy, viz, 11·2, 11·1, and 10·5, respectively, and the lowest in Bantry and Scarawalsh, 5·3 each, there was a slight increase in the Barony of Forth. The highest per-centages of decrease in the Poor Law Unions occurred in Gorey and that portion of Shillelagh situated in this County, and the lowest in the Union of Wexford and that portion of New Ross situated in this County.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 93·47 per cent. were born therein, 3·89 per cent. in other counties of the Province of Leinster, 1·01 per cent in Munster, 0·36 per cent. in Ulster; 0·14 per cent. in Connaught; 0·90 per cent. in Great Britain, 0·23 per cent. were born abroad, and three persons were born at sea.

Civic Districts (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains three such districts, viz., Wexford, Enniscorthy, and Gorey, and portion of a fourth, viz, New Ross;—Townships constituted under the provisions of the Act 17 & 18 Vic., cap. 103, in 1871 the total population of the foregoing amounted to 26,725; in 1881 it was 26,654, showing a decrease of 71 persons; in the rural district of the county the decrease was 8·3 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 5,823; the borough of Wexford, with a constituency of 488, returns one Member, and New Ross, portion of which is in this County, returns one Member, the constituency for the entire Borough being 261.

Religious Professions. (Table xxxiii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons		Per-centage of Total Population		Increase or Decrease 1871–1881		
	1871.	1881.	1871.	1881	Increase	Decrease	Rate per Cent.
Roman Catholics,	120,356	112,794	90·7	91·1	—	7,562	6·3
Protestant Episcopalians,	11,296	10,177	8·5	8·2	—	1,119	9·9
Presbyterians,	360	288	0·3	0·2	—	72	20·0
Methodists,	367	391	0·3	0·3	24	—	6·5
All other Denominations (and Religion unascertained),	287	200	0·2	0·2	—	87	30·3
Information refused,†	—	4	—	—	4	—	—
Total,	132,666	123,854	100·	100·	—	8,812	6·6

From the above Table it will be seen that of the total population of the County, in 1881, 91·1 per cent. were Roman Catholics, 8·2 per cent. Protestant Episcopalians, 0·2 per cent. Presbyterians, 0·3 per cent.

* An *increase* of 53 took place in the population of the Barony of Forth between 1871 and 1881.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 0·2 per cent. members of other Religious Denominations (and Religion unascertained). During the decade there was a decrease in the number of Roman Catholics of 6·3 per cent.; Protestant Episcopalians, 9·9, and Presbyterians, 20·0 per cent. There was an increase of 24, or 6·5 per cent. in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Wexford in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871		1881	
	Number of Persons	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write, ...	57,979	43·7	63,731	51·5
Read only, ...	22,998	17·3	18,918	15·3
Illiterate, ...	51,689	39·0	41,205	33·2
Total, . .	132,666	100	123,854	100

From the above it will be seen that whereas, according to the Returns of 1871, only 43·7 per cent. of the Inhabitants could "read and write," in 1881, 51·5 per cent could do so; that the per-centage of the population who could "read only" in 1871 was 17·3, and in 1881, 15·3; and that the per-centage of the "illiterate" fell from 39·0 in 1871 to 33·2 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871.			1881		
	Males	Females	Total	Males	Females.	Total.
Population, 5 years old and upwards, .	57,044	61,467	118,511	54,330	56,790	111,120
Number of ditto Illiterate, . . .	17,946	19,588	37,534	14,359	14,112	28,471
Proportion per cent., ...	31·5	31·9	31·7	26·4	24·8	25·6

From the foregoing statement it will be seen that, in 1871, 31·7 per cent. of the inhabitants, aged five years and upwards, were illiterate (31·5 per cent of the males and 31·9 of the females), and that, in 1881, the per-centage was but 25·6 (26·4 of the males and 24·8 of the females)

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 27·4 per cent of Roman Catholics, 7·9 per cent. of Protestant Episcopalians, 3·4 per cent. of Presbyterians, 6·7 per cent. of Methodists, and 4·8 per cent. of the Members of "All other Denominations" were illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Wexford, according to the Census of 1871 (week ending 17th June), was 14,483 or 37·3 per cent of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 15,290, or 39·4 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Wexford returned as Sick, on the night of the Census, was 1,201 or 1 in every 110 of the population; in 1881 the number so returned was 1,109 or 1 in every 112 of the population, of the latter number, 621 were at their own homes, and 488 were in hospital

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 2,832 or 1 in every 47 of the population; of this number 1,516 were inmates of Workhouses, and 1,316 were in receipt of outdoor relief, in 1881 the number returned was 4,648, or 1 in every 27 of the population; 1,550 of these being in the Workhouses, and 3,098 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Wexford, during the ten years ending 31st March, 1881, was 6,120, equal to an average annual rate of 4·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 31,708, affording an average annual rate of 24·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 25,908, being equal to an average annual rate of 20·2 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 13,106 (6,746 males and 6,360 females); the number for the previous decade was 16,088, and for that ending with March, 1861, 27,053, making a total of 56,247 for the thirty years

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 31,708 and the number of Deaths 25,908; a natural increase of 5,800 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 13,106, the net result shown is a decrease of 7,306: this number differs from the decrease (8,812) in the population, as shown by the Census Returns, to the extent of 1,506, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The decrease is attributed to some houses having become unoccupied or been thrown down, and to others which properly belonged to this townland having been returned in Hayestown, Great, in 1871

(b) See note (a)

(c) The increase is owing to there having been a large staff of servants at Johnstown Castle on the Census night

(a) See note (a), p 1018.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described.—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted; in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from two to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Wicklow, and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF WICKLOW.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Wicklow from the Census Returns of 1881.

SUMMARY.

Area.

The County of Wicklow covers an area of 500,178 statute acres, or 2·4 per cent of the total area of the country.

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar General, there were 48,265 acres under tillage, 59,169 under meadow and clover, and 225,919 under pasture, making a total of 333,353 acres of Arable Land, or 66·8 per cent of the total extent of land in the County; 19,004 acres, or 3·8 per cent under Plantations; 30,769 or 6·2 per cent. under Bog and Marsh; and 98,948 or 19 8 per cent. under barren Mountain Land. The remaining 17,014 acres or 3·4 per cent. were returned as under "Roads, Fences, &c., &c."

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Arklow and Ballinacor North, viz 15 3 and 14 2 respectively; and the lowest in Rathdown and Shillelagh, viz, 1·9, and 6 8, respectively. The highest per-centage of decrease in the Poor Law Unions occurred in Rathdrum, and the lowest in Rathdown (part of).

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 84 35 per cent. were born therein, 11·26 per cent. in other counties of the Province of Leinster, 1·17 per cent. in Munster; 0·96 per cent. in Ulster; 0·48 per cent. in Connaught; 1 44 per cent. in Great Britain, 0·34 per cent. were born abroad, and 1 person was born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains 2 such districts—Arklow and Wicklow, and portion of another, viz., Bray. In 1871 the population of the foregoing amounted to 12,687, in 1881 it was 12,555, showing a decrease of 132 persons; in the rural district of the county the decrease was 12 4 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency, in 1881, being 3,279.

Religious Professions (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade :—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	63,392	56,230	80 6	79 9	—	7,162	11·3
Protestant Episcopalians,	13,963	12,888	17 7	18 3	—	1,075	7 7
Presbyterians,	305	276	0 4	0·4	—	29	9·5

Total,	78,697	70,386	100·	100·	—	8,311	10 6

From the above Table it will be seen that of the total population of the county in 1881, 79·9 per cent. were Roman Catholics, 18 3 per cent. Protestant Episcopalians, 0 4 per cent. Presbyterians, 1·0 per cent. Methodists, and 0 4 per cent. members of other Religious Denominations. During the decade there was a decrease in

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

the number of Roman Catholics, amounting to 11·3 per cent.; Protestant Episcopalians, 7·7 per cent; and Presbyterians, 9·5 per cent.; there was an increase of 13 in the number of Methodists.

Education. (Table xxx) The following statement shows the Educational Status of the Inhabitants of the County of Wicklow in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871		1881.	
	Number of Persons.	Rate per Cent	Number of Persons.	Rate per Cent
Read and Write, ...	38,336	48·7	40,400	57·4
Read only, ...	11,858	15·1	9,017	12·8
Illiterate, ...	28,503	36·2	20,969	29·8
Total, . . .	78,697	100·	70,386	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 48·7 per cent. of the Inhabitants could "read and write," in 1881, 57·4 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 15·1, and in 1881, 12·8; and that the per-centage of the "illiterate" fell from 36·2 in 1871 to 29·8 in 1881.

(Table xxxii.) The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males	Females	Total	Males.	Females.	Total
Population, 5 years old and upwards, .	34,948	34,844	69,792	31,475	31,635	63,110
Number of ditto Illiterate, . .	10,160	9,438	19,598	7,260	6,433	13,693
Proportion per cent, ...	29·1	27·1	28·1	23·1	20·3	21·7

From the foregoing statement it will be seen that, in 1871, 28·1 per cent. of the inhabitants, aged five years and upwards, were Illiterate (29·1 per cent. of the males and 27·1 of the females), and that, in 1881, the per-centage was but 21·7 (23·1 of the males and 20·3 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 25·2 per cent of Roman Catholics, 7·8 per cent. of Protestant Episcopalians, 2·1 per cent. of Presbyterians, 5·6 per cent. of Methodists, and 3·7 per cent. of "all other Denominations" were Illiterate

School Attendance (Table xxxvii) The number of children attending school in the County of Wicklow, according to the Census of 1871 (week ending 17th June), was 9,461 or 36·7 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 9,736, or 41·0 per cent. of the persons aged 5 and under 20.

The Sick. (Table x) In 1871 the number of persons in the County of Wicklow returned as Sick, on the night of the Census, was 592, or 1 in every 133 of the population; in 1881 the number so returned was 569, or 1 in every 124 of the population; of the latter number 286 were at their own homes, and 283 were in hospital.

Pauperism. (Table x) The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,648, or 1 in every 48 of the population; of this number 780 were inmates of Workhouses, and 868 were in receipt of outdoor relief, in 1881 the number returned was 2,111, or 1 in every 33 of the population: 852 of these being in the Workhouses, and 1,259 on outdoor relief.

Marriages, Births, and Deaths. (Table xii) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Wicklow during the ten years ending 31st March, 1881, was 3,448, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 17,435, affording an average annual rate of 23·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 12,735, being equal to an average annual rate of 17·1 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii) The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 4,591 (2,584 males and 2,007 females); the number for the previous decade was 5,387, and for that ending with March, 1861, 11,173, making a total of 21,151 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1881, being 17,435, and the number of Deaths 12,735; a natural increase of 4,700 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 4,591, the net result shown is an increase of 109: the decrease in the population, as shown by the Census Returns, amounts to 8,311, a disparity in the results to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(b) The decrease in the population was attributed to emigration.
(c) The increase is owing to a number of families having been staying at an hotel in the townland on the Census night.
(d) The increase is owing to the building of houses since 1871 and to the persons in a travelling caravan having been enumerated in the townland on the Census night.
(e) The increase in the population of the townland of Knockanree, Upper, was attributed to the working of mines in the locality.

(a) The remainder of the parish of Drumkay is in the barony of Arklow, see p. 1097, the entire parish contains 369 persons
(b) The remainder of the parish of Glenealy is in the barony of Arklow, see p 1099, the entire parish contains 747 persons
(c) The decrease is attributed to families having left the locality
(d) The decrease in the population of the townlands of Ballymoat, Ballynabarny, Bahana, Drumdangan, and Glasnarget, North, was owing to the completion of the Dublin, Wicklow, and Wexford Railway, which was in course of construction in 1861, and upon which a large number of novvies were employed
(e) Glenealy not containing 20 houses, has, as in 1851, 1861, and 1871, been included in the townlands of Ballyfree, East, Ballymanus, Lower, and Ballymoat, on which it stood See NOTE at head of Table VII, p 1095
(f) The remainder of the parish of Kilcommon is in the barony of Arklow see p 1098, the entire parish contains 365 persons.
(g) The increase in the houses and population of the townland of Downs was attributed to the facilities afforded by the landlord for the erection of cottages.

(a) Killiskey not containing twenty houses, has, as in 1851, 1861, and 1871, been included with the townland of the same name on which it stood. See NOTE at head of Table VII., p. 1095.

(b) Newcastle town stands on the townlands of Newcastle, Lower, and Newcastle, Middle, in which it was included in 1871; it has an estimated area of 3 acres.

(a) The Civic Districts comprise the townships of Arklow and Bray and the town of Wicklow.

Note.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud, or other perishable material, and having only one room and window; in the third a better description of house, varying from two to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often suffer through inadvertence or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

* The designation "Primary" has been employed in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools (of which there are none in the county of Wicklow), being the first See Rules of the Commissioners of National Education, p. 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appeared to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have published Tables for the several Counties in the Province of Leinster, and now present Summary Tables for that Province and a Synopsis of the results given in the Summaries prefixed to the County Books, together with Indexes to the several Territorial Divisions. Similar information for the Provinces of Munster, Ulster, and Connaught will be given in the order named.

It has not been considered necessary to compile Provincial Summaries of Tables IV., VII., XV., XX., XXI., and XXXI.

CORRECTIONS.

County of Meath, Barony of Kells Lower, Parish of Staholmog, Townland of Staholmog.

In Note (e) on p. 679, *it is stated that the decrease in the number of Houses and of Population between* 1871 *and* 1881 *on the above-named Townland "is attributed to evictions." On further inquiry, however (subsequent to the publication of the Tables for the County of Meath) it was found that this information was incorrect, and that the discrepancy was attributable to an error in the Returns for* 1871, *some of the Houses and of Inhabitants on the adjoining Townland of Drakerath having been returned, in that year, as on the Townland of Staholmog.*

CENSUS OF IRELAND, 1881.

PROVINCE OF LEINSTER.

In addition to the information contained in the County Tables, it was deemed advisable to depart from the course pursued in 1871, and give Summaries of the results obtained respecting the several Counties in Leinster from the Census Returns of 1881, similar information is here given for the Province, together with a synopsis of the County Summaries.

In calculating these averages, the Special Inmates of Public Institutions have been omitted

Counties (Tables iii. and vi.)

The following Statement shows, by Counties, the number of persons in 1871 and 1881; and the increase or decrease in each during the decade.

Counties.	Population.		Increase or Decrease between 1871 and 1881.			Counties.	Population.		Increase or Decrease between 1871 and 1881.

From the foregoing Statement it will be observed that the highest per-centagee of decrease in the Counties took place in Wicklow, Carlow, and Kildare, viz., 10·6, 9·8 and 9·3 respectively; and the lowest in King's, Longford and Wexford, viz., 4·0, 5·4 and 6·6 respectively. There was an increase of 3·4 per cent. in Dublin.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the province in 1881, 90·45 per cent. were born therein, 2·62 per cent. in Munster; 2·20 in Ulster, 1·25 per cent. in Connaught, 2·89 per cent. in Great Britain; 0·59 per cent. were born abroad, and 108 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The Province contains 38 such districts and portion of another, in 1871 the total population thereof amounted to 474,661, and in 1881 it was 490,824, showing an increase of 16,163 or 3·4 per cent., in the rural districts of the province the decrease was 8·9 per cent.

Religious Professions. (Table xxviii.)

The following Statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons		Per centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent

Presbyterians,	12,556	12,059	0 9	0 9	–	497	4 0
Methodists,	8,530	7,008	0 5	0 6	478	–	7 3

Total,	1,339,451	1,278,989	100·	100	–	60,462	4 5

From the above table it will be seen that of the total population of the Province, in 1881, 85·6 per cent. were Roman Catholics, 12·3 per cent. Protestant Episcopalians, 0·9 per cent. Presbyterians, 0·6 per cent. Methodists, and 0·6 per cent. members of "all other Denominations." During the decade there was a decrease in the number of persons belonging to each of the principal Religious Denominations, except Methodists, the respective rates of decrease being as follow:—Roman Catholics, 4·4 per cent. Protestant Episcopalians, 4·3; Presbyterians, 4·0. There was an increase of 7·3 per cent. in the number of Methodists.

* In 1871 there were 4,500 persons returned as "Protestants" concerning whose Religious Profession no further information could be obtained; in 1881 there were but 206 so returned.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession

Education. (Table xxx.) The following Statement shows the Educational Status of the Inhabitants of the Province of Leinster, in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	678,439	50 7	747,466	58 5
Read only,	192,899	14 4	164,161	12 8
Illiterate,	466,113	34 9	367,362	28 7
Total,	1,339,451	100	1,278,989	100

From the above it will be seen that whereas, according to the Returns of 1871, only 50·7 per cent. of the inhabitants could "read and write," in 1881, 58·5 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 14 4, and in 1881, 12·8; and that the per centage of the "illiterate" fell from 34 9 in 1871 to 28 7 in 1881.

(Table xxxii.) The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were illiterate.

	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	581,485	612,673	1,194,158	561,836	582,307	1,143,643
Number of ditto Illiterate,	149,644	173,176	322,820	112,057	120,159	232,216
Proportion per cent.,	25 7	28 3	27 0	19 9	20 6	20 3

From the foregoing statement it will be seen that, in 1871, 27·0 per cent. of the inhabitants, aged five years and upwards, were illiterate (25 7 per cent. of the males and 28·3 of the females), and that, in 1881, the per-centage was but 20·3 (19·9 of the males and 20·6 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 22·9 per cent. of Roman Catholics, 5·3 per cent. of Protestant Episcopalians, 3·4 per cent of Presbyterians, 3 6 per cent of Methodists, and 4 9 per cent of the Members of "all other Denominations" were illiterate.

School Attendance (Table xxxvii.) The number of children attending school in the Province of Leinster according to the Census of 1871 (week ending 17th June), was 158,627, or 38·8 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 171,148, or 42 3 per cent. of the persons aged 5 and under 20.

The Sick (Table x.) In 1871 the number of persons in the Province of Leinster returned as Sick, on the night of the Census, was 13,905, or 1 in every 96 of the population; in 1881 the number so returned was 12,857, or 1 in every 99 of the population; of the latter number 4,050 were at their own homes, and 8,807 were in hospital

Pauperism (Table x.) The number of persons returned in 1871 as receiving relief under the Poor Law System was 27,932, or 1 in every 48 of the population, of this number 15,760 were inmates of Workhouses, and 12,172 were in receipt of outdoor relief; in 1881 the number returned was 41,019, or 1 in every 31 of the population, 17,512 of these being in the Workhouses, and 23,507 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act, which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the Province of Leinster, during the ten years ending 31st March, 1881, was 68,949, equal to an average annual rate of 5 3 per 1,000 of the population The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the Province during the ten years was 331,716, affording an average annual rate of 25·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 275,737, being equal to an average annual rate of 21 1 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the Province during the ten years ending 31st March, 1881, amounted to 110,619 (57,928 males and 52,691 females); the number for the previous decade was 149,838, and for that ending with March, 1861, 235,460, making a total of 495,917 for the thirty years.

Registration of Births and Deaths and Emigration Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1881, being 331,716, and the number of Deaths 275,737; a natural increase of 55,979 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 110,619, the net result shown is a decrease of 54,640 this number differs from the decrease (60,462), in the population, as shown by the Census Returns, to the extent of 5,822.

NOTE.—The plan of Classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the materials of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class Accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior, upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 9.

INDEX TO TOWNLANDS AND TOWNS.

NOTE.—The County in which each Townland or Town is situated may be determined by comparing the number of the page on which it appears with the numbers of the pages occupied by each County—thus the Townland of Abbeycartron, which is to be found on page 527, is in the County of Longford, as that County occupies pp 507 to 572

The number *prefixed* to each Townland denotes the number of the Electoral Division in which it is situated, as given in the Alphabetical List of Electoral Divisions commencing on p 1302, thus the Townland of Abbeyderg having 510 prefixed, shows that it is situated in the Electoral Division of Kilcommock, and Poor Law Union of Ballymahon. See p 1304.
